NOTIFICATIONS.

Fort St. George, December 18, 1920.

No. 345.—The following Press Communiqué of the Government of India is reproduced:—
DEPARTMENT OF COMMERCE.

Press Communiqué.

Secy, 16th October 1920.

In a Press Communiqué dated the 20th May 1918, the Government of India announced the procedure to be followed by persons having claims for reparation against Germany and her allies in the late war, and it was intimated that such claims should be submitted to Local Governments and Administrations not later than the 31st June. It has now been brought to the notice of the Government of India that there is a considerable number of persons who, from ignorance either of the procedure to be adopted or of the circumstances in which reparation can be claimed, have not yet submitted their claims. For the benefit, therefore, of such persons the details of damage for which reparation can be claimed, and the functions of the London Reparation Committee in connection with such claims are indicated below:—

(a) Reparation may be claimed in respect of damages falling under the following categories:—

(1) Damages to injured persons and to surviving dependents by personal injury to or death of civilians caused by acts of war, including bombardments or other attacks on land, on sea, or from the air, and all the direct consequences thereof, and of all operations of war by the two groups of belligerents wherever it may.

(2) Damages caused by Germany or her allies to civilian victims of acts of cruelty, violence or maltreatment (including injuries to life or health as a consequence of imprisonment, deportation, internment or execution), of exposure to violence or of being forced to labour, wherever arising, and to the surviving dependents of such victims.

(3) Damages caused by Germany or her allies in their own territory or in occupied or invaded territory to civilian victims of all acts of violence to health or capacity to work, of loss of home, or as well as to the surviving dependents of such victims.

(4) Damages caused to civilians by being forced by Germany or her allies to labour without just remuneration.

(5) Damages in respect of all property wherever situated belonging to any of the Allied or Associated States or their nationals, with the exception of naval and military works or materials, which has been carried off, seized, injured or destroyed by the acts of Germany or her allies on land, on sea, or from the air, or damages directly or indirectly consequent on any operations of war.

(6) Damages in the form of levies, fines and other similar exactions imposed by Germany or her allies upon the civilian population.

(7) The decisions of the London Reparation Committee are as follows:—

(1) The damages in respect of which reparation is claimed must be assessed on a reasonable basis at whatever sum a jury would be likely to award in a civil action. It would not, for instance, include loss of wages when awarded to personal injury or imprisonment. "Reasonable compensation for pain and suffering may be claimed. Claims should be checked and verified as far as possible by the local authorities of damaged property or other officers appointed for that purpose. Secondary declarations, and particularly not prior by witnesses or otherwise of personal injuries will be regarded as support of claims. The Government of India is held responsible for supplying satisfactory and reasonable claims."

(2) Claims in Germany are not regarded because the damage done has been metted by insurance.

(3) Property in respect of which compensation for damage may be claimed means physical property, and does not include immaterial property such as a copyright or a patent or rights under a contract such as a mortgage.

(4) Claims may be preferred through the Government of India both by foreigners who are members of the crew or passengers on British ships or by British subjects or foreign ships (work or cargo by the crew).

(5) Interest from the date of the damage should not be included in claims presented to the Reparation Commission.

(6) The amount of claims should be stated in rupees, at the value current at the time when the claim arose. The conversion of these claims into the sterling value current at the date of the presentation of the claim to Germany will be calculated by the United Kingdom.

(7) A claim can only be made in respect of claims directly due to operations of war.

(8) Persons domiciled in a British Dominion should prefer their claims to the Government of the Dominion to which they belong.

As all claims have to be forwarded through Local Governments and Administrations, here to be circulated by the Government of India and then forwarded to the India Office to be prepared for presentation to the Reparation Commission before 31st May 1921, any further claims (such as will be made should be submitted as soon as possible, particular attention being paid to compliance with the requirements as to satisfactory declarations and proof demanded in paragraph (1) (1) above. It will probably not be possible to prepare for presentation claims received by the Government of India after 28th December 1920.

The deposit of account-keeping notices will be returned to them at the conclusion of the sale.

5. The sale will be subject to confirmation by the Commissioner of Forests who does not bind himself to accept the highest or any bid. It is possible that the Commissioner of Forests will himself be present at the time of sale and the result of sale may, therefore, be announced on the spot.

6. Each purchaser shall, immediately after a lot is knocked down to him, sign his name at foot of the sale list in the column provided for the purpose. Each signature shall be held as an admission on his part of having bought the lot.

7. Immediately after the sale, each purchaser, if his offer has been accepted by the Commissioner of Forests for that lot, will be furnished with a memorandum showing the total amount due by him and shall pay 25 per cent of the same, less the amount deposited referred to above, into any of the Government treasuries at Yallahs or Trepasquier or remit it into the Bank of Madras payable to the Accountant-General at Madras, within five weeks from the date of receipt by him of the memorandum confirming the sale and the balance before 15th February 1910 or before receipt of the confirmed purchase from the depot whence the same is ordered.

8. Should any purchaser fail to make the payment as indicated above on the due date, the sandalwood purchased by him will be resold at his risk, the amount deposited made by him forfeited to Government, and any loss resulting by such resale reserved from him as if it were arrears of land revenue. Should however any purchaser by such resale, the delinquent shall not participate in it.

9. The purchaser must take delivery of the sandalwood before 15th February 1911 but he will not be allowed to receive any refund until payment has been made in full for the entire quantity of wood purchased. If delivery is not taken within the time allowed, a demurrage of Rs. 10 per day will be charged until such time as the wood is removed from the depot premises—vide paragraph 11 below.

10. On presenting the shalan to the allow in charge of the depot for the payment of value of the sandalwood purchased by such merchant, the wood will be weighed as it is, in the depot, in the presence of the purchaser or his accredited agent by an officer of the department not lower in rank than that of a Forest Ranger. No further sorting or classification of the sandalwood will be undertaken by the Forest Department nor will purchasers be allowed to close any wood purchased to re-sell. The classification, clearing and weighing as determined by the Forest Department must be accepted. Should any delinquent occur after weighing, the value of the delinquency will be refunded to the purchaser as if an amount is found it shall be paid for by him.

11. The purchaser shall bear the cost of weighing at the time of delivery.

11. The purchaser will be allowed reasonable time not extending beyond 15th February 1921 to remove his wood after shipment and delivery. During this period the wood will be kept in the depot at his risk and loss. If the purchaser fails to remove all the wood within the period, any unshipped remaining concerned, will become the property of Government.

12. Special arrangements will be made to secure railway facilities to the purchasers for the transport of their unshipped wood by rail.

13. No unshipped wood can be removed from the depot, till a licence to remove unshipped wood, signed by the officer of the Forest Department who weighed out the wood shall have been obtained and till every piece of unshipped wood can be stamped has been stamped with the distinct 'Sale licence.'
